

## EVENING BULLETIN.

Published Every Day, except Sunday, at 210 King street, Honolulu, H. I., by the

BULLETIN PUBLISHING COMPANY.  
W. R. FARRINGTON, Editor.  
DANIEL LOGAN, City Editor.

THURSDAY, MAY 18, 1899.

Rum will have to divide honors with opium as the root of all evil.

The Chamber of Commerce is wise in selecting representative men as well as a representative exhibit to send to the Omaha exhibition.

Little drops of water are all right, but when they are used to create power for sugar plantations the people have a better appreciation of their value.

Query—Does the Hawaiian Government believe that an opinion from the Treasury department covers matters which are under the direction of the State department?

Agnaldo's supporters in Hawaii do not like the idea of the National Guard indulging in a sham battle. It is now in order for the "peace societies" to make war on the National Guard.

Wipe the New Jersey corporation laws off the books and the Trusts would have a hard show. Yet any interference by Federal authorities would immediately be jumped on by the anti-trust politicians. Strange things these politics.

American volunteers to the cause of Agnaldo should not forget to condemn Capt. Taussig for running the Bennington aground on a shoal that was not on the chart. More imperialism, more land grabbing as a result of the Spanish war.

In considering the people's interests relative to the September elections, it is of course easier for the Government to drag along in a "devil may care" way. This government has been noted for not doing today what can be put off till tomorrow.

The Montreal Witness says the reason why American officers talk so much about their business is that Americans are new at empire building. It is not so much the fault of the officers as of their fool friends who don't know enough to keep private letters to themselves.

The Hawaiian Government thought it of great importance to obtain an authoritative opinion from a national official relative to immigration. Secretary Gage's reply was not given to the public but it was offered to certain members of the Planters Association, who are not members of the Government, for perusal. The Government is on record as regarding its instructions affecting immigrants as a personal affair. A question in which each and every taxpayer of Hawaii is directly interested is a matter which this government places as not worthy of serious consideration.

## HANDBOOK OF HAWAII.

The "Handbook of Information" issued by the Department of Foreign Affairs may well be classed as the best and most complete publication of the kind that has ever been sent out from this country. The facts and figures concerning the business of the country, its people and public institutions are condensed in a easy readable form, that will particularly appeal to the busy business man and is also complete information for the tourist. The text of the book is the work of Daniel Logan, a member of the BULLETIN staff and the best descriptive writer of the islands. In preparing this Mr. Logan has been exact in detail and conservative in

the generalities, and suggestions to prospective settlers. In general make-up the book is first-class in every respect. The illustrations as a rule are well selected and artistic in grouping. The only criticism that can be offered is in the selection of Hawaiian types. A galaxy of Hawaiian women in bula dresses can hardly be said to be typical of the Hawaiians of the present day.

## ABRAHAM FERNANDEZ, MANAGER.

New Head of Hawaiian Hardware Co. Chosen Last Night.

At a meeting of the Board of Directors of the Hawaiian Hardware Co. last night Abraham Fernandez was elected manager of the company to succeed L. M. Velez, resigned. Mr. Fernandez has been in the employ of the Hawaiian Hardware Co. for about a year. Previous to that he served fifteen years with E. O. Hall & Son, Limited. During Mr. Fernandez' experience as a hardware man he has always been counted a most able and reliable business man. His record as an employee of E. O. Hall & Son, Limited, is above reproach. Mr. Fernandez entered upon his new duties today.

It is learned from a reliable source that will be a meeting of the stockholders of the Hawaiian Hardware Co. on the 29th inst. to decide whether or not there shall be a consolidation with the Pacific Hardware Co. This matter has been on the tapis for a long time and was to have been decided at the beginning of this month, but circumstances prevented.

Mrs. E. C. Damon has bought the beautiful place on Thurston Avenue owned by W. J. Lowrie.

## Prof. Koebels Will Leave Soon.

It is the intention of Prof. Koebels to sail soon for San Francisco. His visit to California will be made solely for the purpose of securing, if possible, a parasite that will destroy the white cabbage butterfly that has increased in such an astonishing manner during the past few months.

Returning from California he will make a trip to Fiji, the home of the cane-borer, where it is his intention to study the habits of this pest in order to rid the Islands of it.

The exact time of Prof. Koebels' departure has not been decided on yet, but it will not be very far off. It will be necessary for the Bureau of Agriculture and the Planters to make a move first.

## Old Father Time.

Grim and hoary, laden with hour glass and scythe is not one of the laborers who assists much in the improvement of one's own personal appearance or in the satisfactory presentation, to the view of passers by, of that nest of all appurtenances to a Honolulu home, viz: a well-kept lawn. Far more useful than old times scythe is an up-to-date California Clipper Lawn Mower, which the Pacific Cycle & Mfg Co., in the Ehler's block, have now on sale and which is offered to lovers of a smooth lawn at a low price. "Smooth as a billiard table is the lawn of Mr. So and So." How pleased the possessor of such a lawn must be when he hears that statement and knows that his next door neighbor could have as good a looking lawn with no more labor than a mower, and a California Clipper is a dandy.

## Notice of Consolidation.

Waterhouse give notice to their patrons in today's BULLETIN that their respective firms will be consolidated and incorporated under the name and style of Henry May & Co., Limited, on June 1, 1899.
